Working for Better Laws

Santa Fe, N.M., Jan. 3—That New Mexico prohibitionists in general the Womens Christian Temperance Union in particular intend to make a fight for statewide prohibition before the coming legislature was indicated at a meeting of the local branch of the W. C. T. U. held here this afternoon. Committees were appointed and a definite program of legislation will be mapped out. According to the president of the organization, support has already been promised from members of both houses of the legislature. It has not been definitely decided whether the movement for prohibition will take the form of a proposal for a constitutional amendment or whether a statutory enactment will be made.

Officers are Equally Divided

Santa Fe, N.M., Dec. 29.—The last obstacle delaying the completion of the official canvass of the vote cast on election day, November 7, was removed this forenoon when Judge Roberts of the territorial supreme court handed down an opinion which upheld the principal contention of the Democrats that the election judges and clerks of Clayton precinct, Union county, should be ordered to sign the election returns. The Democratic judge and clerk had already signed and the signature of only one of the three Republican precinct officials is needed to enable the canvassing board to complete the count. As one of the recalcitrant judges happens to be in the capital, the certificate for President Taft will be ready by tomorrow evening, the engrossing of the thousand names of candidates, with the vote for each, being a time robbing task. The certificate will be taken to Washington, D. C., by Congressmen elect George Curry of Tularosa and H. B. Ferguson of Albuquerque, who expect to leave tomorrow evening and to present the certificate to President Taft on next Wednesday, who presumably, will issue the proclamation admitting New Mexico forthwith. The Clayton decision makes no change in the result on the state ticket, but besides electing several Democrats to office in Union county, elects T. D. Lieb of Raton, Democrat, district judge over Reed Holloman, of Tucumcari, Republican, by 33 majority, and J. D. Casados, Democrat, to the legislative house by nin plurality over J. P. O'Dell. However, these offices will be contested in the courts and before the legislature because of the alleged irregular-

New Grazing Regulations

Word has been received at the local headquarters office of the Manzano national forest of the limit set by the secretary of agriculture on the amount of stock which can be grazed on the Manzano forest and of other improvements approved for the coming year.

There will be a maximum of 3,500 sheep, 2,800 cattle and horses and 500 hogs allowed on the forest during the grazing season. A fee of 30 cents for cattle, 35 cents for horses, 10 cents for sheep, and 20 for hogs will permit one animal of that description to feed on the forest for the year. An additional fall grazing season is provided for hogs, when the oak mast is ripe. The fee for this is 12 cents per hog.

The forest is now divided into two districts, north and south, and subdivided into 13 divisions. A ranger is in charge of each district, and a forest guard or patrolman of each division.

Plans for the co operative preservation of all the springs are being made. The scheme is for the forest service to supply wire and timber necessary and for the cattlemen to supply the labor necessary to build fences around the springs so that the cattle and sheep may not trample and spoil them. The water is led outside the fence to troughs from which the stock may drink.—Albuquerque Herald.

Santa Fe Would Put on Airs

Santa Fe, N.M., Jan. 3—At a well attended meeting of the Chamber of Commerce of this city last night a committee, consisting of Thomas P. Gable, Arthur Seligman and Levi A. Hughes, was appointed to confer with the officials of the Fred Harvey system to urge on them the desirability of locating a Harvey hotel in this capital. It is argued that the move would be more than justified by the increased amount of tourist business that would result from the increased hotel accommodations. A committee was also appointed to take up the matter of putting on a gasoline motor car on the branch line of the Santa Fe between this city and Lamy.

Miss Ruth Ellis returned from Santa Fe last evening whither she had accompanied her sister, Mrs. S. A. Goldsmith on her way to Antonito, Colorado.

ities in Clayton precinct, the decision of Judge Roberts not passing on these irregularities but merely orders the election officers to sign, as their duty after the ballots were counted were merely ministerial.
